GROUP

Online Shop

In order to deal with our customers all over the world on a more immediate basis we have found it necessary to invest a great deal of our resources in recent years into the development of our online presence including a fully populated online shop.

All Bloxwich Truck & Container products are available to purchase online, and repeat customers can access their usual price lists as well as selecting, editing and creating delivery addresses all through their online account.

Everyone can access general information, product advice and videos, track orders and download brochures and our product catalogues.

HIGH QUALITY TECHNICAL EXPERTISE OUR HERITAGE

Immediacy

As quickly as we are able to take calls and process customer requests, the speed of online transactions has been proven to allow our customers to get their orders with a punctuality that would have been unprecedented a decade ago. Find us at www.bloxwichdoorgear.com

Visualise

It can be difficult to describe our products over the phone, and sending samples adds time to the project. Our engineers have produced and published life like 3D renders of all our parts in addition to 2D drawings enabling you to make informed product choices online.

Quickly Find What You Need

Sections are matched to our catalogue and dynamic filters are incorporated to quickly narrow down products or if you prefer just search for product descriptions or part numbers.
